

mediaJET® Museum Natural Rag | Natural white photo-art cotton paper

Product description

Museum Natural Rag is a natural white, traditional PhotoArt paper made of 100% cotton with a soft, typical rag surface. A distinctive paper with ideal paper weight for long-lasting photo and fine-art reproductions. Made without optical brighteners and acid-free, for premium prints with extremely high D-Max values and very large colour space.

Specific feature

This new PhotoArt 100% cotton paper mediaJET Museum Natural Rag is characterized by its velvet soft, natural white surface. 100% natural cotton is used to make this lignin and acid-free paper, and optical brighteners are completely eliminated. It is ideal for photographic applications and high quality photo and fine art prints. mediaJET Museum Natural Rag was designed especially for users, whose photo and fine art prints demand a high-quality surface. Due to the special matt ink jet coating, harmonious colour intensity, the highest D-Max and exact reproductions can be achieved with pigment and dye inks and with most printing systems. mediaJET Museum Natural Rag paper is coated with the most modern coating technology, giving it a stable and uniform paper with a dust free printing surface.

Processing

To guarantee optimal quality, photo and fine art papers should be stored and processed in a climate with 30-70% relative humidity and at temperatures from 15-30°C. We recommend that the paper be acclimatised in the print room for one day before printing, and to reseal in the original package after printing. Prevent fingerprints on the coated side by wearing clean cotton gloves while processing. Please avoid contact with solvent, glue and softener, leads to yellowing.

Technical specification

Material:	Paper	Cold lamination:	yes
Application Area:	only indoor	Heat lamination:	yes
Surface:	matt	Colour L:	98,1
Specific gravity:	260,00g/m ²	Colour a:	-0,3
Thickness:	410,00µm	Colour b:	1,75
B1-cert.:	no	Whiteness (R457):	89%
Water resistant:	yes	Opacity:	>98%
		Optical brighteners:	none
Cellulose:	100% Cotton	Diasec®:	certified
Ligninfree:	100%	DIN ISO 9706 archive-resistant:	yes
Acidfree:	100%	DIN ISO 16245:	no
